The Yellowstone Event System (YES) is to be used to track all incidents/events that occur in your facility as well as any near misses or good catches. It will provide your risk management department with details regarding any incident/event that you document and proper follow up can be completed by department managers. If you have a question as to what is reportable or not, contact your Risk Management department.

Login

To login to YES to enter an event/incident, click on your YES desktop icon or the link/choice on your hospital web page.

The link will take you to this site: <https://risk.yellowstoneinsurance.com/HAS/Login.aspx>

The following login page will display:

Please enter your UserID and Password

User ID

Password

You should have your Pop Up Blocker Turned Off for the YES Web Site. [Click HERE To Follow Instructions To Turn Your Pop Up Blocker OFF.](#) If you have any questions ----- Please click RiskQual Support link below to send email to support

Enter your assigned User ID and Password

User ID: First Initial First Name + First Initial Last Name + Last 4 Digits SS#

(For example: John Doe with last 4 digits of 1234 would login as **JD1234**)

Password: wchswy ←- **make sure it is entered lowercase**

Problem Logging In

If you have a problem logging in or once you click LOGIN, and message states Invalid User Name/Password, you have not entered your correct User ID and password combination. Please

check to ensure you have used the format above. If you still experience a problem, contact your IT Help Desk or Department for assistance.

IF you are exited from the login page upon entering your User ID and password, your Pop Up Blocker settings are most probably turned ON on your computer's Internet Explorer settings.

Go to your Internet Explorer icon. Click on Tools . Pop Up Blocker . Turn OFF Pop Up Blocker. This is a temporary measure to allow you to enter your incident/event.

Go back to the link to YES system and login.

****Contact your IT department so that they can ensure that the Pop Up Blocker is turned OFF only for this YES website****

Any other questions . contact your Risk Manager/Designated YES System Administrator as advised internally by your risk management/nursing direction.

Entering a New Incident/Event

When entering an incident/event, all required questions must be answered at a minimum before you can SAVE. If you do not save your incident/event, it will not be saved automatically.

Upon Login to the system, you are presented with a selection to %Select Entry Type+

Click to select Incident to report an Incident/Event.

The following options display to the right:

PATIENT . Select if incident affected a Patient or if the incident you are reporting was a Near Miss/Good catch is related to a patient.

NON PATIENT . Select if incident affected a Non-Patient (i.e., Visitor) or if the incident you are reporting was a Near Miss/Good Catch related to a non patient or non-person (i.e., Visitor, Volunteer, General Medication or Equipment issues, etc. not affecting or involving any patient or person).

Click to make the appropriate selection.

Click  to enter a new Incident/Event.

You will be taken to the entry screen for a Patient or Non Patient incident/event respectively based on your selection.

*** NOTE *** When entering an incident/event, all required questions must be answered at a minimum before you can SAVE. If you do not save your incident/event, it will not be saved automatically.

PATIENT Incident Entry

When selecting PATIENT Incident in the %Select Incident Type+prompt, the following sets of questions will display. Questions will include/exclude themselves according to logic built into the screens that your facility risk manager designed. Those options are reviewed in the various screenshots below.

The incident entry questions will display to the right one at a time for you to begin answering them. As you answer each question, the responses will display on the grid to the left and the Edit link will display to the right in case you need to navigate back to change your response prior to saving the incident. You can always navigate and Edit above of where you are currently answering questions.

Patient Search

If you selected Type of Patient InPatient or OutPatient

You will be prompted to Search for the respective patient.

Your IT Department has setup an interface from your Patient registration system to automatically feed the YES system with all patient admission demographics. If you cannot find a patient, please notify your IT department or your Risk Management department.

Enter the Last Name of the Patient and or Last Name, First Name (Last Name comma SPACE First Name) to find the patient involved in the incident and click SEARCH. A listing of patient admissions with that last name displays.

Highlight the respective patient admission associated with the incident and click to select it.

The respective patient's demographics display on the grid and system advances to the next question.

Upon selection of a patient, the demographics entered for the patient display on the grid on the left for viewing as example below:
